

## EXTRA ECU EXTRA VERDICT

### JURY ENDS A LONG WEARY SIEGE

Intense Interest Throughout the City in Outcome of Famous Case.

### AGREEMENT REACHED WITH DIFFICULTY

The jury in the case of the State vs. John Leech, for the killing of Ernest Kohlberg, has rendered a verdict of guilty of murder in the first degree with life imprisonment. Motion for new trial on grounds of error was immediately filed by the defendant's counsel.

### DEATH SUDDENLY TO DAVID B. HILL

Former Political Leader, Governor of New York and Senator.

Albany, N. Y., Oct. 19.—David B. Hill, former United States senator and former governor of New York, died suddenly today at Wolfert's Roost, his country home.

Mr. Hill was seized with a bilious attack about two weeks ago. He appeared on the road to recovery until last night, when a sinking spell developed, which resulted in death.

Sketch of D. B. Hill.  
David Bennett Hill, son of Caleb and Eunice Hill, was born at Havana, N. Y., Aug. 29, 1842. In 1862 he removed to Elmira and two years later was admitted to practice law. He was a member of the New York assembly from 1871 to 1872, president at the Democratic conventions in 1877 and 1881, served as an alderman of Elmira, in 1881, and was mayor during 1882. He was elected lieutenant governor in 1882 and served until 1885, when he was elected governor, serving in that capacity until 1891, when he was elected United States senator, in which capacity he served six years. In 1892 he was a prominent candidate for the presidential nomination in the Democratic national convention.

### SAYS GOV. CAMPBELL WITHOUT AUTHORITY

Elliott Declares He Cannot Call Legislature in December.

Sherman, Tex., Oct. 20.—Representative J. R. Elliott today issued a statement that governor Campbell is not empowered to call a session of the legislature in December, even if he desired to do so. Elliott declares the constitution provides that election returns for elective office be declared at the first assembly following the election, in which case the December legislature would have to inaugurate Colquitt governor.

## ONE HUNDRED LIVES LOST IN THE GALE

New Orleans, La., Oct. 20.—At least 100 lives were lost in the hurricane which raged throughout the Caribbean sea and the Gulf of Mexico the last few days, according to officers of four steamships which arrived at Port Eads this morning.  
The returning ships reported having sighted boats doomed and it was impossible to give assistance.  
The British steamer *Civilian* saved five members of the crew of the Spanish vessel "Hugo," but was unable to save 10 others. The United Fruit company's steamer *Cartago* sent a wireless today that it had found the schooner *Becher* of Baltimore 400 miles off and waterlogged but the crew refused to leave the ship. A tow rope was attached to the *Becher* but the seas parted it. A dozen vessels are reported wrecked.  
Two Vessels Lost.  
Key West, Fla., Oct. 20.—The American schooner *Edward T. Stotesbury* is a total loss on Pigeon Key. One man was drowned. The Spanish schooner *Marta* from Havana has been dismantled and abandoned.

## FT. SUMNER POSTOFFICE DYNAMITED AND ROBBED

Fort Sumner, N. M., Oct. 20.—The Fort Sumner postoffice was robbed of over \$500 last night. The safe was blown open with dynamite and wrecked and the inside of the office was badly damaged. It was evidently the work of inexperienced men.  
The tracks of an unshod horse and an old buggy or light express wagon were noticed about the building. Stamps in the postoffice were not taken, but many dollars worth were mutilated by the explosion. The stove was knocked over by flying pieces of the safe.  
The robbers have a good start, but will be pursued.

### FIRST SNOW FALL OF WINTER HITS TEXAS TOWNS

Entire State in Grasp of Norther, Accompanied by Rain.

Wichita Falls, Tex., Oct. 20.—Advises received here today say snow is falling at Giles, Estelino and other towns north on the Fort Worth and Denver railroad.

This is the first snow to fall in Texas this season. The thermometer registers 40 here and a cold norther is blowing.

### ENTIRE STATE IS CHILLED.

Fort Worth, Tex., Oct. 20.—Reports received today show that practically the entire state was visited by the cold norther. The temperature varies from 25 degrees in the Panhandle towns to 55 along the Gulf coast. Frost is reported in the higher Panhandle points. The temperature at Paris was 42 this morning. At Fort Worth it was 40, at Childress 35, at San Antonio 54. The mercury fell 30 degrees over night at Waco. Rain continues to fall throughout the Panhandle.

Rain fell at Waxahatchie this morning, the first in three months. The temperature fell to 45. The mercury registered 48 at Denton.

### HEAVY RAIN AT COLORADO.

Colorado, Tex., Oct. 20.—A heavy rain measuring 1.52 inches has fallen here and it is quite cold.

### FROST AT DALHART.

Dalhart, Tex., Oct. 20.—The first frost this season, accompanied by high north wind, sleet and snow, came last night. The thermometer went down to the freezing point, with indications of snow and rain for today.

### COLD WINDS AT MARFA.

Marfa, Tex., Oct. 20.—A brisk norther is blowing here this afternoon, growing colder toward night, with every indication of a seige of stormy weather.

### SPECTACULAR FIRE AT EAST ST. LOUIS

Half Million Dollar Damage Is Caused by Blazing Oil.

East St. Louis, Ill., Oct. 20.—Fire, which started in the Chicago & Alton freight house on the river front early this morning, spread rapidly to neighboring structures and caused a loss of half a million dollars.

The blaze set fire to ten tank cars of oil, which exploded, hurling blazing oil in all directions. The oil set fire to the Baltimore & Ohio freight warehouse, covering a block. A score of oil tanks in it exploded with a roar heard for miles. A hotel and a row of boarding houses were also destroyed. So far as known there was no loss of life.

### SIX BALLOONS ARE KNOWN TO BE DOWN

Other Four Not Heard From But Supposed to Have Landed.

St. Louis, Mo., Oct. 20.—Six of the international balloon race contestants are known to have landed, two in Wisconsin, one in Michigan, and three in Canada. It is believed the other four are down, but no reports have been received from them.  
The Swiss balloon, *Helvetia*, *Azure*, *Dusseldorf II*, and *America II* are yet to be heard from. They have been away from St. Louis more than 60 hours.

### GULF STORM GOES OUT TO SEA

Points Are Heard From in Florida That Relieve the Apprehension.

### GALE WAS WORST ON FLORIDA PENINSULA

Savannah, Ga., Oct. 20.—An almost dead calm marked the passage last night of the tropical hurricane. Reports from the local weather bureau indicate that the storm has passed out to sea between Savannah and Charleston.

No loss of life has resulted here from the hurricane as far as can be learned. Property damage will be less than at first reported. The most serious phase of the situation was the absence of definite news of several vessels at sea. The revenue cutter *Yamacraw*, from Savannah has been ordered to start in search of the tug *Alexander Jones*.

At Brunswick, St. Simons and Tybee the storm last night was the worst in years. A conservative estimate places the loss at these points at less than \$200,000.

Jacksonville and St. Augustine, Fla., dispatches say the gale reached a velocity of more than 60 miles an hour across the entire peninsula.

Wireless messages from Tampa, the first definite news since that city was isolated from the world early Tuesday morning, state that the property loss was comparatively slight and that no lives were lost. There will be no communication with the interior of Florida along the eastern coast south of St. Augustine for several days.

### FEAR FELT FOR STEAMSHIPS.

New York, N. Y., Oct. 20.—Two coastwise steamships bound north from southern ports caused uneasiness because of their delayed arrival, as the result of the hurricane. They are the *Mallory liner Brasos* and the *Southern Pacific liner Lomas*.

The *Brasos* sailed from Galveston October 14 with 100 passengers on board. She was last sighted 114 miles east of Port Tortugas. The *Comas* left New Orleans October 12.

### GIVE WOMAN SUSPECT THIRD DEGREE IN VAIN

Los Angeles, Cal., Oct. 20.—"You may keep me in this coop for a hundred years, but you cannot get any more out of me, for I have told you all I know."  
This was all that a three hours' of the "third degree" could elicit from Mrs. Belle Lavin, the lodging house keeper, who was arrested in San Francisco on a warrant charging murder in connection with the blowing up of the Los Angeles Times.

She maintained her first assertion that she knew nothing of the identity of the movements of the conspirators who destroyed the Times and killed 21 of its men.

### EL PASOANS MARRIED AT COLORADO SPRINGS

Mrs. Sophia Tanner Become Bride of Lee Glascock, prominent Insurance Man; Will Reside Here.

Colorado Springs, Colo., Oct. 20.—Mrs. Sophia Tanner, who was divorced from Bob Tanner in El Paso last June, was married here Wednesday to Lee Glascock, also of El Paso, and Alamo, who has made her home in El Paso for the past 16 years. She conducted the Herald lobby cigar stand for several months prior to last July.

Mr. Glascock, who is agent for the Colorado National Life Insurance company with offices in the Herald building, came here several months ago from La Luz, N. M., where he has a home.

The couple are building a new home at 1500 Arizona street and expect to occupy it on November 1. They will probably return to El Paso Thursday.

Mrs. Tanner's wedding follows that of her sister, Miss Jessie Mitchell, who last week became the bride of Wm. Connell, a cattleman of Kansas City, Mo., where they are making their home.

### Package From Medicine Hat Arrives

With It Has Come a Fondness for Blazing Grates, Cozy Corners, Overcoats and Blankets

Where! Oh, where, is the summer salary? Likewise the winter overcoat? From Medicine Hat, via Denver, the present package labeled "weather, handle with care," arrived per Wells-Fargo and is being enjoyed (sic) by a suffering public this day of our Lord Oct. 20th A. D. 1910.

Being the tail-end of the Florida coast storm and the north Texas norther, the little stormlet has been lashing itself around the corners of the buildings and up and down the streets with an abandon (accent on the antipennit, please) which winter cold waves are wont to show. Blankets, smelly with moth balls, were dug from the bottom of the window seats where they had been in retirement for the summer, grate fronts

### Mexican Residents Tell City Council They Will Destroy Homes Condemned.

### UNDERGROUND SEWER FOR LOWER STREETS

That they will comply with orders to destroy houses judged by the health department to be unsanitary, was the statement Thursday morning at the council meeting of a number of Mexicans who live in the south part of the city. Alderman Blumenthal explained the orders which had been mailed to them. The council then adjourned to meet Friday morning, at which time several revisions to the building ordinance will be considered, and it is probable the ordinance will be printed in book form.

The council Friday morning will also consider action as to the construction of a deep sewer, plans for the construction of which, from the Mills building to the south line of San Antonio street, were submitted by city engineer Todd Thursday morning.

The plans were drawn as a result of the demand for a sewer to drain the basements of El Paso's large business houses.

The sewer ditch, in places, would have to be 16 feet deep and the total expenditure is estimated by Mr. Todd at \$4500.

The installation of a pumping station would be necessary. Inquiries for the cost of machinery have been sent, and answers are expected at once. The sewer will be automatic and operated by air, electricity or water.

Mayor C. E. Kelly and aldermen McGhee, Blumenthal, Hewitt and Clayton, city attorney W. M. Caldwell and city clerk Fassett attended the Thursday morning meeting of the council. No discussion of the water company problem was heard, affairs as at present arranged, awaiting the return of attorney W. H. Burges of the water company.

### Packing Franchise Read.

The first reading of an ordinance proposing the granting of a franchise to W. M. Pence for the privilege of erecting a packing house on property known as the El Paso stock yards, near the union station, was heard. Work is to be commenced within two years. Following the reading, mayor C. E. Kelly ordered that the ordinance be referred to the council as a whole, and it will probably be considered at once.

The report of alderman Hewitt, who, as mayor pro tem during the absence of mayor Kelly, ordered the purchase of considerable supplies for the water company to put in new mains, laterals and connections, was approved.

A leave of absence for 21 days was granted to assistant city attorney Volney M. Ryan.

### Railroad Gets Extension.

An ordinance proposing an extension of time for the franchise in favor of A. Courchesne, W. C. Davis and Peyton Edwards, who propose, as trustees, to build the El Paso-Kansas City short line railroad, was read and adopted. The road is proposed to run from El Paso to the Pecos valley, a distance of about 200 miles. The franchise granted by the city was extended for a period of 15 months from October 4, 1910, to begin actual operations and for 22 months to construct 15 miles of the road from El Paso.

### The City's Health.

The report of city physician W. H. Anderson, which was read at the meeting.

### Census Gives Arizona Population of 204,354

Washington, D. C., Oct. 20.—The population of Arizona is 204,354. This is an increase of 81,423, or 66.2-10 percent since 1900.

### ARIZONA'S POPULATION BY COUNTIES

Washington, D. C., Oct. 20.—Arizona's population by counties in the eleventh, twelfth and thirteenth censuses follows:  
Apache county, thirteenth census, 9196; twelfth census, 8297; eleventh census, 4281.  
Cochise, thirteenth census, 34,591; twelfth census, 3251; eleventh census, 6938.  
Coconino, thirteenth census, 8130; twelfth census, 5514.  
Gila, thirteenth census, 16,780; twelfth census, 14,732; eleventh census, 2021.  
Graham, thirteenth census, 22,547; twelfth census, 14,182; eleventh census, 5670.  
Maricopa, thirteenth census, 34,485; twelfth census, 20,457; eleventh census, 9998.

### TO DEMOLISH UNSANITARY HOUSES

### THIRD GAME CAPTURED BY PHILADELPHIA'S ATHLETICS

### WEATHER IS BAD FOR FANS

### CHANGES PLANNED AT FT. BLISS ASSURE POST'S PERMANENCY HERE

### General Mess Hall to Be Abolished and Building Transformed Into Barracks Through Efforts of Col. Alfred C. Sharpe, Officer in Charge—Improvements Will Require an Outlay of \$10,000.

That the Ft. Bliss garrison is going to stay, regardless of whether it will become a regimental post, seems certain from recent appropriations for improvements on its grounds and buildings. Col. Alfred C. Sharpe, officer in charge of the 23rd regiment, now stationed at the local post, and being mentioned as a likely promotion to a brigadier generalship, has succeeded in bringing many improvements and reforms since his recent coming to El Paso.

### Old Cooking System.

The El Paso fort is the only one in the United States—possibly in the world—having a general mess, that is, a union system of cooking and eating. The general mess hall has been considered an experiment which was tested and failed. The food is cooked, but is tasteless when 40 heads of cabbage are boiled in one pot, or 100 gallons of coffee made in one boiler. Gradually every garrison has given up the general mess idea, which was tested for more than 10 years, and only El Paso remains on the map as a "tasteless food" center.

### To Reconstruct Mess Hall.

Through complaint of Col. Sharpe, an appropriation will be granted to reconstruct the general mess hall into barracks, and erect individual kitchens and mess rooms for each company. Also the local fort was lighted by the antique kerosene lamp method, dangerous and impractical. The new commanding officer also complained of this, requesting a post electric light plant. This was answered by the visit this week of Capt. Marshall, of the commissary department at Washington. Electric lights will be installed.

### Other Improvements.

In addition, a generous appropriation has been received to complete the building of walks about the post. Also, an ice plant is being built, whereby the cool stuff will be made at the post by the ammonia method.

From the willingness with which these requests have been met from Washington, it is inferred that the El Paso post will stay. The improvements will require an outlay of nearly \$10,000.

### WILLS UNCLE SAM PART OF FORTUNE

### "Potato" Clark Makes Restitution For Knowledge He Withheld.

Denver, Colo., Oct. 20.—By the terms of the will of Rufus Clark, better known as "Potato" Clark, which was admitted to probate here yesterday, the United States government is bequeathed \$3500 because, according to the will, in 1863 Clark knew of the defrauding of the government of that amount by a man he does not name. "The fact was never reported by me," Clark declares in the will, "and I now feel in honor bound to make restitution."

Clark's fortune of \$100,000 was accumulated in potato growing. A large part of it will go to support a training school founded by Clark in west Africa.

### THE SCORE BY INNINGS.

	1	2	3	4	5	6	7	8	9	R
Philadelphia . . .	1	2	5	0	0	0	4	0	0	12
Chicago . . . . .	1	2	0	0	0	0	0	2	0	5

Batteries: Philadelphia, Coombs and Thomas; Chicago, Reulbach and Kling.

Umpires, Connolly and O'Day; Sheridan and Rigler.

### FIVE NEW BISHOPS FOR WESTERN WORK

### Among Those Chosen Is One For Arizona—Bishop Aves Talks.

Cincinnati, O., Oct. 20.—The house of bishops of the Triennial convention of the Protestant Episcopal church selected five new bishops and one missionary bishop. The new bishops will have charge of the dioceses of Wyku, China; eastern Oklahoma, northern Texas, San Joaquin, Cal.; and Arizona. A new missionary bishop to take the place of bishop Graves of Kearney, Neb., was also chosen.

The following bishops were appointed: Rev. Francis L. Potts, Shanghai, China, to be bishop of Wyku, China; Rev. Louis Sanford Berkeley, Cal., bishop of San Joaquin, Cal.; Rev. Julius Walker Attwood, Phoenix, Ariz., bishop of Arizona; Rev. Edward A. Temple, Waco, Texas, bishop of northern Texas.

At the last joint session of the house of bishops and the house of deputies church work in Mexico, Porto Rico, Brazil and Africa was discussed. "Property and Human Life in Mexico," was the subject of an address of bishop H. D. Aves, of Mexico. He was followed by bishop Kinsolving of Brazil, who described the condition of the church in Brazil as very poor because of lack of funds.

### WATERWAYS LEAGUE IN ANNUAL SESSION

Beaumont, Tex., Oct. 20.—The sixth annual session of the Interstate Inland Waterway league began its sessions here at 10 this morning. A large number of delegates are attending. S. B. Cooper, of Beaumont, is presiding. J. M. Conley, of Beaumont, delivered the welcoming address; Henri Gueydan, of Louisiana, responding. Lieut. governor Davidson, Walter Gresham, John Garner, congressman Randall and C. S. Holland spoke. The session then adjourned for a trip down the Neches river. Governor-elect Colquitt is expected to speak tonight.

### EXPLOSION KILLS SIX FATALLY INJURES TWO

New York, N. Y., Oct. 20.—A boiler explosion at the bagging and rope plant of the American Manufacturing company this morning killed six firemen and fatally injured two others, and threw 2000 girls and half as many men in a wild panic. Many were trampled upon in a rush for the doors. The cause of the explosion is a mystery.

### CRIPPEN IS TO GO ON STAND IN OWN BEHALF

London, Eng., Oct. 20.—It was decided today to place Dr. Hawley Crippen on the witness stand, and let him tell his own story of the disappearance of his wife, Belle Elmore, with whose murder he is charged.

The cross examination of experts today centered on an alleged scar on the body, which the defense declares was only a fold in the skin, but medical men are not shaken from their assertion that the mark was left from a wound of operation.

Crippen, paler than at any time before, followed the evidence with strained intensity. The medical evidence closed the case for the prosecution.

The defense will attempt to prove that the body was not that of Dr. Crippen's wife.
